

COMPANY STOP WORK POLICY

It is the policy of **NKA ENERGY VENTURES SDN BHD** to enforce this stop work policy if and when there is an immediate threat to Health, Safety and Environment. Individual's right to stop work has the full support of Management.

In deciding whether work should stop, employees should take into account of the followings:

1. Where there is a doubt as to whether the work should be stopped, safety takes priority.
2. Individuals should notify their immediate supervisors of such situations or conditions.
3. Hazardous situations and the probable risk of occurrences if work is to commence.
4. Stop work to be recorded accordingly.
