

NKA ENERGY VENTURES SDN BHD
(728474-U)

WASTE MANAGEMENT POLICY

It is our policy of **NKA ENERGY VENTURES SDN BHD** that in executing all our activities, we will be responsible and committed to use material and energy efficiently in order to protect the environment.

To achieve our objectives the following strategies on waste management shall be applied:

- The disposal of all wastes shall be reduced by applying the 4Rs; Reduce, Reuse, Recycle and Recover. Where practicable, the use of hazardous material shall be reduced by substituting it with less hazardous materials.
- Wastes that cannot be disposed of safely shall be stored until a suitable treatment /disposal method becomes available. Such storage shall not pose health / safety hazards to personnel or provide a threat to the environment
- All waste materials shall be accompanied by information on their compositions, hazards and instructions for what to do in an emergency situation.
- All vessels to comply with MARPOL 73/78 Annex V where all wastes generated on board shall be disposed of in a proper manner.
